

TechXYZ Acceptable Use Policy

1. Purpose

The purpose of this Acceptable Use Policy (AUP) is to define acceptable use of TechXYZ systems and services to protect our users, our platform, and the data we process. This policy applies to all employees, contractors, and third parties who access TechXYZ systems.

2. Scope

This policy covers all TechXYZ-owned or managed devices, cloud services, networks, applications, and data, including the production environment, internal tools, and user-generated content stored on the TechXYZ platform.

3. Acceptable use

Users of TechXYZ systems must:

- Use TechXYZ resources only for legitimate business purposes in support of their job responsibilities.
- Access only the data and systems they are authorized to use, following the principle of least privilege.
- Protect authentication credentials (passwords, MFA tokens, API keys) and never share them with others.
- Follow all information security, data protection, and privacy policies issued by TechXYZ.
- Immediately report suspected security incidents, policy violations, or data breaches to the security team.

4. Prohibited activities

The following activities are strictly prohibited on TechXYZ systems:

- Unauthorized access, or attempts to access, accounts, systems, or data that you are not explicitly permitted to use.
- Viewing, downloading, copying, or sharing user photos, videos, or other personal data for non-business purposes.
- Installing unapproved software or browser extensions on company-managed devices or systems.
- Bypassing or attempting to bypass security controls such as MFA, encryption, or logging.
- Using TechXYZ resources to engage in illegal activities, harassment, or the creation, storage, or distribution of discriminatory, offensive, or abusive content.
- Using TechXYZ systems for cryptocurrency mining or other resource-intensive personal projects.

5. Data handling

- Treat all customer content (photos, videos, metadata) as confidential information.
- Store and transmit data only through approved TechXYZ applications and cloud services.
- Do not export or copy customer data to personal devices or personal cloud storage.
- When sharing data internally, limit access to those with a legitimate business need.

TechXYZ Acceptable Use Policy

6. Monitoring and privacy

TechXYZ may monitor, log, and review activity on its systems to maintain security, ensure compliance, and investigate suspected misuse. Users should have no expectation of privacy when using TechXYZ-owned or managed systems, subject to applicable law.

7. Violations and enforcement

Violations of this policy may result in disciplinary action up to and including termination of employment or contract, and may also lead to civil or criminal penalties where applicable. TechXYZ reserves the right to revoke access to systems and data at any time to protect the organization and its users.

8. Review

This policy will be reviewed at least annually and updated as needed based on changes in business, technology, or regulatory requirements.
